Patch Notes 0.4
"Everybody Talks"

General

All fighters have had a significant quote added to their page, to further develop their character or lore, or just for fun.

Bjuaros the Bold	"*I vow to keep her safe, above consequence, above my own life.*"
Elizabeth Depee	"*One must pay for their actions... En Garde!*"
Vetus-Crepitu von Finkledor	"*I must free them.*"
Mindi Nite	"*What you can't see... can hurt you.*"
Ouray Ahiga	"*Those I've loved and lost still fight beside me.*"
Lorna Reid	"*There is danger nearby.*"
Hisoki Souta	"*Of smoke and shadows.*"
Madame Loco	"*Give in to your suffering and lend me your soul.*"

Balance

Bjauros the Bold

Bjuaros has had his ability order tweaked a little, to allow him to make it through the early game better.

~~Heal Wounds~~

- Now ability 2

~~Spear Wall~~

- Now ability 4

Lorna Reid

Lorna is receiving some small buffs to try and bring her more into line with some other fighters. She has again had the energy cost of her **Confine** reduced, and has had damage added to her snare.

Snare

- Now deals 5 damage, and an additional 10 is applied if used on an enemy in pitfall

Oonfine

- Energy cost has been decreased from 10 to 8

Madame Loco

Madame Loco is having her sustain nerfed but getting buffs to her mobility and burst to make her feel more like an assassin. Her **Blood Curse** has had a significant energy reduction but now only affects enemies in range, instead of globally.

Baroness' Brew

- **Healing Elixir** has been removed from the game
- Replaced by a new potion called **Elixir of Darkness**

Elixir of Darkness

Create an elixir of pure dark voodoo energy. Upon consumption gain 2x movement speed, doubling your movement die rolls for 2 turns.

Additionally at the end of the duration the darkness explodes out of you dealing 15 damage to anything within 2 spaces.

Damage: 15
Reagents: 1 Willow's root
1 Rabbit's Foot
1 Snakeskin

Blood Curse

Now Madame Loco teleports up to four spaces away from her casting location and the curse only affects enemies within a two tile radius of her new position. Additionally, energy cost has been reduced from 5 to 3.
